

Remarks

Applicants thank the Examiner for indicating the allowance of pending claims 1-20 except for certain formal matters.

Claim Objections

Claims 1, 6, 11 and 16 were objected to as erroneously reciting certain circuit components when it was clear from the specification and figures that other circuit components were intended. Each of the claim objections has been addressed through amendment above, removing these grounds for objection.

Thus, Applicants earnestly solicit a notice indicating the allowance of pending claims 1, 6, 11 and 16, as amended, and dependent claims 2-5, 7-10, 12-15 and 17-20 as originally filed.

In accordance with Section 714.01 of the M.P.E.P., the following information is presented in the event that a call may be deemed desirable by the Examiner:

JACOB N. ERLICH (617) 854-4000.

Respectfully submitted,  
Drew Guckenberger, et al., Applicants
